Journal Index: 1975–1980

Below is an index of all the articles that have appeared in the American Indian Journal since it began publishing five years ago. The articles are indexed according to subject matter. They appear within each category in chronological order. Unfortunately, the articles are not cross-indexed due to time and space limitations. Therefore, if you are looking for an article on the Oliphant *decision, for example, it would be wise to check in this case both the Case Law and Jurisdiction categories.*

If you wish to order an individual article(s), the charge is 15 cents per page, plus a $1 handling charge and postage. Each Journal costs $3.50.

We hope this index will be a useful tool in your research efforts.
